Etiquette when scoring (Archery GB Rules appendix A)
A good archer:

- Does not record their own arrow values on official score sheets.
- Does not go behind the target to retrieve arrows before the scores have been taken
- When calling scores, does so in groups of three, and in descending order. For example, 'X-10-9' pause '9-8-7'.
- While calling scores, points to each arrow as it is called, without touching the arrow or target face (106/b)
- Does not touch any arrow or the target face until all arrow values have been recorded and checked. Arrow values cannot be recorded on a score sheet after the arrows have been pulled.
- When required to do so, takes their turn at scoring
- Only withdraws the arrows of others if this has been agreed by them
- At the end of the round thanks the Target Captain for the work done by them
